### Professional Experience

#### Trade Marketing Representative — LG Electronics | Jamaica

*September 2021 – Present*

- Coordinate and execute promotional campaigns across multiple retail locations, including giveaways, product demonstrations and brand activation events to drive customer engagement and sales conversions.
- Plan and implement in-store events from concept to completion, coordinating logistics, promotional materials, staffing and vendor partnerships to ensure seamless execution.
- Develop promotional strategies with retail partners, creating customized activation plans aligned with sales objectives and maximizing brand visibility.
- Manage promotional inventory and POP materials, ensuring timely distribution and proper placement across high-traffic retail environments.
- Train and support retail staff on promotional initiatives, product features and sales techniques to maximize campaign impact.
- Coordinate with internal stakeholders (sales, marketing and operations) to align promotional activities with broader business objectives.

## Samsung Merchandiser — Main Event | Kingston, Jamaica

*August 2016 – May 2020*

- Coordinated product promotions and launches by strategically planning product availability, positioning and promotional timing to maximize campaign impact.
- Executed merchandising initiatives, designing eye-catching displays and ensuring optimal placement of promotional materials and POS signage throughout sales cycles.
- Collaborated with cross-functional teams including packaging, visual merchandising and e-commerce to ensure cohesive promotional messaging across all customer touchpoints.
- Managed vendor relationships to source promotional materials, negotiate costs and coordinate delivery of products needed for campaigns.
- Enhanced promotional effectiveness by continuously optimizing product placement, visibility and promotional material positioning based on sales performance data.

## Education

- **Bachelor of Science in Information Technology** — University College of the Caribbean, Kingston (expected July 2028).
- **CompTIA A+ Certification** — Vector Technology Institute, Kingston.

## Key Achievements

- Successfully managed promotional campaigns across multiple retail locations.
- Coordinated high-volume promotional events during peak sales periods, including Black Friday and holiday seasons.
- Developed strong partnerships with retail managers, resulting in increased promotional space allocation.
- Consistently met or exceeded promotional campaign KPIs and sales targets.
